

What About Me?

Jann Arden

There are things that stay locked deep inside
You cannot fight them all by yourself
You need someone to bear the blunt
There are nice and linger beyond the fray
You cannot hide beyond the bed that long
You're not that strong, you need someone

What about me? (2x)
I'd fall, I'd crawl for you
I'd keep them at bay (the daemons in the dark)
I'd lie, I'd try for you
I'd chase them away, I'd never let you down
I'd never let you drown

There are things that hide deep in your heart
That never see them all, the ghost of dreams
Will never see the light of day
There are nights that punish the words you break
You cannot hide them all, when darkness comes
You'll need someone to light the way

What about me? (2x)
I'd fall, I'd crawl for you
I'd keep them at bay (the daemons in the dark)
I'd lie, I'd try for you
I'd chase them away, I'd never let you down
I'd never let you drown

I'd never let you down
I'd never let you drown

What about me? (2x)
I'd fall, I'd crawl for you
I'd keep them at bay (the daemons in the dark)
I'd lie, I'd try for you
I'd chase them away, I'd never let you down
I'd never let you drown
