

## Cantonese Boy

Japan

We're pushing through these farming towns  
We've worked hard ploughing over grounds

Red army calls you  
The call of the crowd  
Red army needs you  
It calls you now

Cantonese boy  
Bang your tin drum  
Cantonese boy  
Civilian soldier  
Cantonese boy  
Bang your tin drum  
Cantonese boy  
Red army calls you home

We're singing  
Marching through the fields  
We're changing  
The lives we've led for years

Red army calls you  
Red army needs you

Gentlemen you heard this call  
Raised your glass and called for more  
Only young men broke the wall
