

## For The Love Of Ivy

Japandroids

You look just like an Elvis from hell  
My heart is broken and I'm going to hell  
Bury me way down deep in hell  
I'm a steel driving man, I want to go to hell

Then go tell Ivy  
For the love of Ivy  
I did it for Ivy, oh  
You're the one

Gonna buy me a graveyard of my own  
And kill everyone who ever done me wrong  
Gonna buy me a gun just as long as my arm  
And kill anybody who ever done me harm

Then go tell Ivy, oh  
Yeah go tell Ivy, yeah, yeah  
For the love of Ivy, oh  
You're the one

Jawbone eat and jawbone talk  
Jawbone eat you with a knife and fork  
I was hunting for answers down in the dark  
When suddenly I had a better thought

Let's go hunt Ivy, oh  
Let's go get Ivy, oh  
For the love of Ivy, oh  
You're the one

I was all dressed up like Elvis from hell
