m running  
i'm empty  
i'm consumed  
you're there  
you're in me  
who are you  
you're there  
you're in me  
i'm inside you  
you're there  
you're in me  
i go nowhere without you  
and if i found you  
how will i know you  
in precious time  
in holy time  
found you through the closing door  
holding back the closing -- door  
my sorrow is simple  
a salve  
i'm sinking beyond strength to find you  
i'm drowning beyond pain to find you  
stain my heart  
and if i found you  
how will i know you  
i find you through the closing door  
and if i found you  
how will i know you  
you're holding back the closing --door
