

Transmogrification

Jarboe

In the interim of temporary defeat...
I am not in flame mode
Building
muscle.

I will destroy what tries to damage me Again...

Fearless.
You
know how I live by a third of my Full force and Will.
In order to not threaten
mere mortals...

Don't worry.
I am of beast nature after all
And I have let
it out of its cage.

Even death means Nothing.
