

Lost inside another argument  
But that's not what I meant  
Equals complement  
And what I said just wasn't right  
So I brought it to your attention

I'll be there when we finally make sense  
When we give up our defense  
Wouldn't want it anyway  
These apologies are dentistry  
If you're pulling teeth take a few from me  
Cuz I can't kiss my pride goodnight  
Watch the sun go down and still be right

Wouldn't want it anyway  
Wouldn't want it anyway  
Wouldn't want it anyway...
