

Flying Home

Trias, Jasmine

Amazing, I'm gazing
Across a sea of a thousand smiles
Touching me tonight
I'm feeling the real thing
I wear my heart open on my sleeve
Tonight I give all that I can give -
And tonight, we live!
Can you see the special glow
That's lighting up my eye?
Tomorrow I'll be in the sky -

[Chorus]

Flying home, I'll be
Flying home
To a paradise
I can call my own
To a warm embrace
From dear hearts and friends
Back to happy days
I'll be flying home

So wond'rous, I love this
This stage, this song that I give to you
It's such a dream come true
To reach you, to touch you
This magic moment I'm living for
And in this world there is nothing more
I'd rather do
But still I reminisce
Of soft breeze in my hair
Of memories that I can share,
everywhere, when I come

Flying home, I'll be
Flying home
To a paradise
I can call my own
to a warm embrace
From dear hearts and friends
Back to happy days
I'll be flying home

Flying home, I'll be
Flying home
To a paradise
I can call my own
Under tropic skies above
With dear hearts and friends
At the rainbows end
I'll be flying home
I'll be flying home
