

# Show You Off

Jason Aldean

We can go around, club hoppin'  
Tell you all I want to do is drop in  
Have a drink and catch a good band  
Couple songs and, hey, we're gone again  
Act like that's all we're doin'  
The truth is

I just wanna show you off  
Drive 'em all crazy  
Watch all them boys hate me  
Is that so wrong, come on  
I just want the world to see  
How lucky I am  
You're so fine girl, damn  
You beat all I ever saw  
I just wanna show you off

Maybe take a ride down Broadway  
All the Dodges and the Fords and the Chevrolets  
Slow rollin', lookin' over and  
Girl, you got that super-cab glowin'  
Roll down that tinted window  
There ya go

I just wanna show you off  
Drive 'em all crazy  
Watch all them boys hate me  
Is that so wrong, come on  
I just want the world to see  
How lucky I am  
You're so fine girl, damn  
You beat all I ever saw  
I just wanna show you off

(Come on, girl)

It might look like we're just cruisin'  
The truth is  
The truth is

I just wanna show you off  
Drive 'em all crazy  
Watch all them boys hate me  
Is that so wrong, come on  
I just want the world to see  
How lucky I am  
You're so fine girl, damn  
You beat all I ever saw  
I just wanna show you off  
I just wanna show you off
