

# Walking Away

Jason Aldean

I'll make you laugh and tell you things  
You start thinking this is more than what it really is  
You're beginning to dream that maybe someday  
You could be the angel that could make me change  
But all I see is a storm that you'll get lost in  
Cause if it feels this good when we're just talkin'

You should be walking away, walking away  
As far as you can go, as fast as you can.  
You don't know it but you oughta be walking away, walking away  
From me baby  
Instead of tryin' to save me  
You oughta be walking away

You're standing there, in your party dress  
And there ain't no doubt about it darlin' I'm impressed  
But I see you and I know me.  
I'd say right now that I'm the last thing that you need  
But girl don't get me wrong, I'd sure love to do this  
But somewhere in my heart I know the truth is

You ought to be walking away, walking away  
As far as you can go, as fast as you can.  
You don't know it but you oughta be walking away, walking away  
From me baby  
Instead of tryin' to save me  
You oughta be walking away

You should be walking away, walking away  
As far as you can go, as fast as you can.  
You don't know it but you oughta be walking away, walking away  
From me baby  
Instead of tryin' to save me  
You oughta be walking away
