

Good Day To Get Gone

Jason Blaine

Just got my paycheck
I say we cash it
That city limit
Lets blow right past it
Girl put your sunglasses on
It's a good day to get gone

We've always wondered
What's down that highway
I swear I hear it
It's calling our names
We put off leavin to long
It's a good day to get gone

Let these wheels spin round
Baby it's time to take us some time
Before the sun goes down
It's chasin across that blue sky
That clock keeps on tickin
And life is for livin
So what are we waitin on
It's a good day to get gone

That piece of heaven
Is out there somewhere
We're gonna find it
We're gonna get there
Baby that's where we belong
It's a good day to get gone

Let these wheels spin round
Baby it's time to take us some time
Before the sun goes down
It's chasin across that blue sky
That clock keeps on tickin
And life is for livin
So what are we waitin on
It's a good day to get gone

You'll be feet on the dash
And Aerosmith song
I'll hit the gas
You sing along

Let these wheels spin round
Baby it's time to take us some time
Before the sun goes down
It's chasin across that blue sky
That clock keeps on tickin
And life is for livin
So what are we waitin on
Baby what are we waitin on
It's a good day to get gone

It's a good day to get gone

Just got my paycheck

I say we cash it

That city limit

Lets blow right past it

Yeaa

It's a good day to get gone
