

## Rock In My Boot

Jason Blaine

Ain't never tripped like this over a woman  
Been burning with a fever I can't break  
You keep me on my toes coming and going,  
Now fall a little farther, with every step I take

Baby I wanna cross that line  
Kick forever's door wide open,  
Hang on tight and keep on holdin' it,  
Going nowhere without you  
Cause that's like walking with a rock in my boot

Every lone and lonesome moment's digging at me  
You not being here gets underneath my skin  
Just between us I was kinda thinking that we  
Oughta go somewhere together,  
That our love's never been

Baby I wanna cross that line  
Kick forever's door wide open,  
Hang on tight and keep on holdin' it,  
Going nowhere without you  
Cause that's like walking with a rock in my boot

Time keeps tickin', every minute I'm missing you more and more  
I gotta have you cause I need you, it's about to drive me crazy

Baby I wanna cross that line  
Kick forever's door wide open,  
Hang on tight and keep on holdin' it,  
Going nowhere without you  
Cause that's like walking with a rock in my boot

Ain't going nowhere without you  
Cause that's like walking with a rock in my  
Walking with a rock ya baby  
Walking with a rock in my booot

I got to have you baby  
Mmmmm  
It's just like walking with a rock in my boot  
Oooh yeahhh
