

Stay This Way

Jason Castro

Are you right in a place where you don't want to be?
Got your heart in the hands of an enemy?
I promise you,
I've been there, I've been there, too.

Have you tried but you failed to begin again?
And you feel like a slave to the cycle you are in?
I've been there, I've been there too

Listen to the words I say
You don't have to stay this way
Just because you're broken
Doesn't mean you're hopeless
Go ahead and turn the page
Don't be afraid of better days
Put the past behind you
Grace has redefined you
You don't have to stay this way

You can stand with your head held high my friend
'Cause the God of creation has made you innocent
I promise, I promise, that you are new
