Whos more desperate?  
Youre on your knees boo  
But when you fuck up  
I dont leave you  
I cant leave you  
Guess youre permanent  
Cant be removed  
Each time my heart breaks  
Its like a new tattoo  
Dont need a new tattoo  
One touch always makes me  
Too hard to escape  
Three strikes  
Im still yours, what am I waiting for?

Im running out of room  
For your tattoos  
How can I get over you, over you  
When you're all over me  
So dont tell me its cool  
That Im tattooed  
How can I get over you, over you  
When you're all over me  
Yeah, yeah

Why do we stay  
When only fools would  
I guess were both fools  
Cause the sex is good  
It's way too good  
Call us crazy, misunderstood  
Cause I cant leave you cause I know I should  
People say I should  
The one touch always makes me  
Too hard to escape  
Three strikes  
Im still yours, what am I waiting for?

Im running out of room  
For your tattoos  
How can I get over you, over you  
When you're all over me  
So dont tell me its cool  
That Im tattooed  
How can I get over you, over you  
When you're all over me  
Yeah, yeah

Permanently trying to hide  
The scars we cant remove  
Youre drawn on me and Im still drawn to you

Im running out of room  
For your tattoos  
How can I get over you, over you  
When you're all over me  
So dont tell me its cool

That Im tattooed  
How can I get over you, over you  
When you're all over me  
Yeah, yeah
