

Cry Pretty

Jason Eady

I know it's been a while since I've seen you girl
Funny we should meet up at a place like this
Sure I've got a minute but I can't stay long
I've got someone waiting for me outside

Damn you sure look just like I remember
It's too bad things turned out like they did
You've got that same look in your eyes now
Last time I saw it you were leaving

Chorus:

Has anybody ever told you you sure cry pretty
You stand tall and move with grace
Has anybody ever told you you sure cry pretty
Your tears fall but they don't leave a trace

Yeah I thought about you for a little while
Yeah I guess I still do now and then
If only this had been another time girl
Maybe you might just break me down

(Chorus)

It's time for me to go I hope you understand
I'm sure that you'll be fine once I'm gone
I'm sure there's someone out there you can turn to
Just keep your head up girl and you'll be fine

(Chorus)
