

Dinosaurs

Jason Reeves

I wish that everyone will crumble
Fall to dust on the floor
And blow away

And I wanted everything to tumble
Fall to dust on the floor
And blow away with wind

Oh, dinosaurs
Around the Earth a while ago
They were fading peaceful
Then they went away

But we
We will never been like them at all
It's so mean and powerful
Not to stay
Listen til we burn it all away

I wish that everyone will crumble
Fall to dust on the floor
And blow away

I wanted everything to crumble
Fall to dust on the floor
And start all over again
Start all over again and again
