

# Like The Sun

Jason Reeves

Just because you can't see  
Everything you believe  
Doesn't mean it's not real

Don't doubt in the dark  
What you knew in the light  
Just remember how it made you feel

Cause even when gonna imagine how long  
Always coming back to you  
And even when the clouds get dark  
And they surround you

All you need to know is my love goes on  
Like the sun  
And it rise and fall  
For no one else but you  
And it shines  
Every day, every night  
And it goes on  
Like the sun  
My love

The moon is living proof  
That the sun is always burning  
Even in the darkest night

This is your reminder  
I am on fire  
Even when I'm out of sight

And we're illuminated  
Even when it's raining  
Nothing is gonna burn us out

We go on  
Like the sun  
And we rise and fall  
For no one else  
It's true  
We will shine  
Every day, every night  
We go on  
Like the sun  
My love

Like the stars  
We're all born from the light  
I was made to be by your side  
For the rest of our time

My love goes on  
Like the sun  
And it rise and fall  
For no one else but you  
And it shines  
Every day, every night

And it goes on  
Like the sun  
My love

It's like the sun  
Like the sun
