

One Day

Jason Reeves

I can't see the future Even if I could I'm
pretty sure I'll close my eyes Cuz I don't
want to know What's coming around the
corner I rather be surprised

Cause all I ever known Is being in the
moment Like I am with you tonight

And I could never guess you Pick apart
my heart and Put it back together right

Don't make plans Cause that's just open
Don't make promise Because they get
broken Let's just take it one day at a time
And live our lives

Hearts fall harder From higher places
Love gets lost And expectations Let's just
take it one day at a time And live our
lives

We could tell each other Everything we'd
dreamed of Everything we'd wanna see
But it doesn't matter If we are together
That is where I want to be

Cause all I ever known Is being in the
moment Suddenly you're here with me

Now I wanna say forever But I know it's
better If we don't say a thing

Don't make plans Cause that's just open
Don't make promise Because they get
broken Let's just take it one day at a time
And live our lives

Hearts fall harder From higher places
Love gets lost And expectations Let's just
take it one day at a time And live our
lives Live our lives

Why is everyone in a race? Chasing time
like a train Crying like we're caught in the
rain

But really it's a bright, sunny day And
we're
just all the insane Lost and we won't find
our way

The comedy, in fact, is the fact That we
already have Everything we need but we
can't see

and If we stop death right on our tracks
And never even ever try to turn and look

back

Then maybe we'll be lucky and forget
our regrets The things we did That we
never really meant

Maybe we can say it's a good day Finally
realize that There is no such thing as a
yesterday

As far for the future, I know this
Tomorrow is a wish And it don't exist, uh

Don't make plans Cause that's just open
Don't make promise Because they get
broken Let's just take it one day at a time
And live our lives

Hearts fall harder From higher places
Love
gets lost And expectations Let's just take
it one day at a time And live our lives
Live our lives Live our lives Live our lives
Live our lives

Let's just slow it down Let's just slow it
down

Let's just slow it down Let's just slow it
down Let's just slow it down We're not
burning out
