

Is There Room

Jason Upton

Is there room in your womb young woman
Is there room in your womb for a child?

I've seen the prophesy being fulfilled
I've heard the song of the angel's
God's sending peace and goodwill
Is there room
Is there room for a child

Is there room in your inn young man
Is there room in your inn for a child

I've seen the prophesy being fulfilled
I've heard the song of the angel's
God's sending peace and goodwill
Is there room
Is there room for a child

How long will we push our children away
Is there room in our world for a new word today
A holy child from God's right hand
Is a holy word from God to man
But is there room
Is there room for a child
