

# Is There Room

Jason Upton

Is there room in your womb young woman  
Is there room in your womb for a child?

I've seen the prophesy being fulfilled  
I've heard the song of the angel's  
God's sending peace and goodwill  
Is there room  
Is there room for a child

Is there room in your inn young man  
Is there room in your inn for a child

I've seen the prophesy being fulfilled  
I've heard the song of the angel's  
God's sending peace and goodwill  
Is there room  
Is there room for a child

How long will we push our children away  
Is there room in our world for a new word today  
A holy child from God's right hand  
Is a holy word from God to man  
But is there room  
Is there room for a child
