

Whistle In Your Will

Jason Upton

I followed hard after sin
Thinking of somehow it would fulfill me
Realizing in the end
It was only out to kill me

Only Your will fills
Only Your will fills
Only Your will fills
The void inside me

(You said...)
How many times Lord, have I hurt You?
Following hard after men
Thinking that somehow they could fill that void of rejection in me
How many times have I followed follow hard after men, hard after men?
Thinking that somehow they could fill that void of rejection

Once again I followed hard after sin
Thinking somehow it would fulfill me
Realizing in the end
It was only out to kill me

Cause only Your will fills
Only your will fills
Only your will fills the void inside of me

There is a whistle in Your will, a whistle in Your will, a whistle in Your will
Oh God, Your yoke is easy
Your burden is so light
(Repeat verse)

There is a whistle in Your will, a whistle in Your will, a whistle in Your will
Oh God, Your yoke is easy
Your burden is so light

It's the bondage breaker
It's the bondage breaker
The will of the Lord
The will of the Lord
The will of the Lord
(Repeat verse)

Yeah, Your whistle,
It blows off all the stuff that tries to push me along and move me forward
And Your whistle sets me free
Open our ears oh God
Open our ears oh God
Open our ears oh God

Rise oh God and break off that man pleasing spirit
Rise oh God and break off that man pleasing spirit
The fear of the Lord is beginning of wisdom fear of the Lord, fear of the Lord
The fear of the Lord is beginning of wisdom fear of the Lord, fear of the Lord

Break off that man pleasing spirit
That leads us into foolishness
That spirit that leads us into foolish ways
Oh God open up our ears
To hear you sing over us
To hear you whistle oh God
Yes Lord
