

Where U Are

Javine

I try to keep my head above the water
There's nothing that I wouldn't do
To get my life back in order - gotta make it through
I've been going through a lot of changes
Taking one day at a time - going all kinds of places

You're my love, you're my bestfriend
And your my blood down to the end
You're the one that I depend on
Had my doubts but you were never wrong

I said I'd try for you
I said I'd fight for you
No matter what I do, you're always in my heart
I said I'd cry for you
Walk a thousand miles for you
No matter how far, I'm always where you are

The feelings I've got within me
We both know where they're from
I appreciate what you give me and what you've done
No I couldn't get by without it
You're my inspiration - the more than I think about it

(You're with me) Whenever I'm feeling down
(I know your close) Even when your not around
(You bring me joy) Whenever I'm outta love
(You are my love) Showing me the way home

You're my love, you're my bestfriend
And your my blood down to the end
I'm always where you are

You're my love, you're my bestfriend
And you're my blood down to the end
I'm always where you are
