

## Fantastic Planet

Jawbreaker

Anything you gotta pay  
You throw it on your floor  
Fill it up, just pour it out  
Your newly opened door

.....

Deep inside your heart  
Thrash around inside you

.....

You're selling me a boomerang  
It's.....

I want your head up on a pole  
I want to raise your hate

Watch your head up on a pole  
What's the point of agony?

No money, I can't stand it  
If you'd just accept the pain  
One fantastic planet

Push it

Pull out

Push out

Pull it down

I am in pieces

I have come unglued

You took a chunk of me with every bad mood

The wounds are deep

They may never heal

You wanna know

Pain's so real

Ha!

Fantastic death

Fantastic death

..... agony

Got another fatal ....

.....

If you want to hide your ...

Just keep it from the plane

Go ahead but keep in mind

It burns just the same
