

## Extra, Extra

Jay Electronica

Sample: "Only by strict compliance, of all his directions...will the lives of..."

Like a whirlwind pyramind  
Word to D-O-C nigga the lyrics hit  
Terrestrials in the chest where the spirit live  
You now fuckin with the best extra extra  
Read all about the extra terrests with Tourette's  
They all wait in line for what's next  
Abracadabra the crowd went deaf  
Eyes went stage right but I went left  
In one single bound went from M-Y-S  
P-A-C-E man the mp-three man to mtv man  
All by the willpower of my great skull like He-Man  
See man...  
I'm much better than  
These young fucks runnin' amok yellin veteran  
Arms to short for them to sport them a letterman..  
So just chill young padawan  
I'll guide you in the ways of the force  
The crowd'll stand idle in amazement of course  
So lounge on the drama

(Mama, mama, mama)

Take that nigga  
They say I'm Kevin Spacey K-PAX nigga  
One mic one show three acts is a, masterpiece  
Harass the beast  
Until he throw down his sword

(Ok one more time one more time)

Til he throw down his ride  
T minus ten til the throw down with God

Sample: "One of the most mysterious books ever written is the Book of Revelation or the Apocalypse. This book reveals the future of the world and your part in it. The Book of Revelation, the last book in your Bible, features apocalyptic symbols and secrets."
