

Anywhere Anytime

Jay-Jay Johanson

Park the car, make it quick
Wonderful, haggard girl
Pale inspite Scandinavian sun
Freckled arms, freckled face
Grasstained jeans, bruiced knees
Delicate with sneekers on
Undressed now, hidden in bush
Scotchtight skin round vertebrae
Clinging on to velvet leaves
Finished now, jump back in
Red hot seat burns through skirt
Just a kiss and we're on our way
Anywhere anytime
We'll be there
Long before the others will
