

Deja Vu

Jay-Jay Johanson

It seems I always end up
In the same old place
Like I've seen it all before
And though I try not to
I make the same mistakes
Who's playing a trick on me
I don't now
Deja vu
I recognize the beat
I've heard it on the street
They put it on repeat
Suddenly I turn around
To face it a second time
Haven't I done it all before
Just like a rerun on TV
Within my mind
Who's playing a trick on me
I don't know
Deja vu
I recognize the beat
I've heard it on the street
They put it on repeat
Une reprise triviale
À l'intérieur de mon esprit
À répétition
J'avais tout vécu précédemment
Je fais toujours les mêmes erreurs
Ça revient sans arrêt
Encore et pareilles
