

## Mana Mana Mana Mana

Jay-Jay Johanson

Every night I go out  
And I must look like a fool  
When I'm standing looking at the sky  
I don't care 'cause perhaps  
I might see a falling star  
May be, oh one day a dream'll come true  
Norma  
Leo  
Please fall down on me  
Virgo  
Hydra  
Please fall down on me
