

# Only For You

Jay-Jay Johanson

It's only for you that I do this  
Every night, every day  
And what would you like me to show you  
What would you like me to say

Despite these silent mysteries and certain violent cuts  
There is a chance for future histories 'bout us  
Despite these silent mysteries and certain violent cuts  
There is a chance for future histories 'bout us

I know that you're watching me closely  
I know you see right through me  
So tell me what makes you excited  
Is this the way you want it to be

Despite these silent mysteries and certain violent cuts  
There is a chance for future histories 'bout us  
Despite these silent mysteries and certain violent cuts  
There is a chance for future histories 'bout us

You know I can't promise to make it  
Something was left unsaid  
The next thing you know I'll be different  
I guess it's all in your head

Despite these silent mysteries and certain violent cuts  
There is a chance for future histories 'bout us  
Despite these silent mysteries and certain violent cuts  
There is a chance for future histories 'bout us
