Jay Rock

Keepin' it G ain't nothing,
You ain't gotta like cause the hood gone love it
You ain't gotta like cause the hood gone love it
Watching young nigger show his ass I'm pumping
I got the whole block bumping
You ain't gotta like cause the hood gone love it
You ain't gotta like cause the hood gone love it
Watching young nigger show his ass I'm pumping

Nah, nah, nah, you know what this is
Tell them this is celebration bitch is
With the barbeque dips and the mini bites
Min skirts in the seas and the... lights
Down below tables, we got big 6
Round from we do concrete back flips
Flip-flop, flip-flop, flip-flop back
Do the ghettos where I bring hip hop back
Real niggers love me, they tell me keep it pushin'
The only niggers... for waste out of central bullets
County jails and the lock downs up north
Said I should have it if... pass the torch
That's how they feel Jack,... more than rap
This that project, hair cut and the quotes...
This is where the whose punch you... that
Meet you quarter whenever I put a quote on the track

Keepin' it G ain't nothing,
You ain't gotta like cause the hood gone love it
You ain't gotta like cause the hood gone love it
Watching young nigger show his ass I'm pumping
I got the whole block bumping
You ain't gotta like cause the hood gone love it
You ain't gotta like cause the hood gone love it
Watching young nigger show his ass I'm pumping

From Compton to Baltimore I'ma kill it
I buy a morgue in a minute, the public house the... couch of a section
... the air conditioner broke but I'm cool enough
To ensure you my ride isn't Eskimo, huh
And I peel off... getting my clothes off
And I block off energies from the inner cities that we lost, huh?
I'm putting the ghetto on double my back
And I live in the back of the jungle
Lions, tigers, bears, oh my
Hear the siren, walk up, drive by
Shooters, looters, federal... intruders
Engines on back of scooter
The wheel... and we need to know yeah who you are
You are in the presence of the mini presence
... the gift for the future... I said it
Thug life, hood keep mad city, mad respect
Representing the... life

Keepin' it G ain't nothing,
You ain't gotta like cause the hood gone love it
You ain't gotta like cause the hood gone love it
Watching young nigger show his ass I'm pumping

I got the whole block bumping
You ain't gotta like cause the hood gone love it
You ain't gotta like cause the hood gone love it
Watching young nigger show his ass I'm pumping

The whole girls tells me I'm the shit
I break them off so they can buy some outfits
... about they sons... a pack of new toys
Give them the game, school them of what's really important
It's how I was raised, the og's had me
13 fresh off the porch...
But I'm wiser now, show them my young niggers
It's other ways you get them dollars and funs niggers
Coming down in a old school so cool
Whip like a 5 bar call it so cool
You don't know the... every girl do
Put your ears to the speakers I'ma show you
I paint the picture so perfect
In my cd you see Monalissa in person
Courtesy of... and arm reach, 1 1

Keepin' it G ain't nothing,
You ain't gotta like cause the hood gone love it
You ain't gotta like cause the hood gone love it
Watching young nigger show his ass I'm pumping
I got the whole block bumping
You ain't gotta like cause the hood gone love it
You ain't gotta like cause the hood gone love it
Watching young nigger show his ass I'm pumping
