

Deep End

Jay Sean

Mmm mmm mm mm

Ooo yeah

Baby baby

I used to think

I'd see us in the hall of fame

But when did we change our dreams

From big to little things

I'm already so tired of drainin' water

Hopin' for the other side

And maybe I don't know but it's like

Every time I look up I'm waitin' for the sky to cry

And we be like water falling down from heaven's high

Until we start a wave on earth and make the oceans rise

Cause I don't wanna spend another moment swimmin' in the shallow end

So now it's time for you and I to take another breath

Before we dive into the deep end, deep end

Before we dive into the deep end, deep end

Before we dive into the deep end

I wanna learn to live and stop panickin'

Oh baby,

I don't wanna sink like still mannequins

I'm already so tired of drainin' water

Hopin' for the other side

And maybe I don't know but it's like

Every time I look up I'm waitin' for the sky to cry

Why can't we just

Can we be like water fallin' down from heaven's high

Until we start a wave on earth and make the oceans rise

Cause I don't wanna, I don't wanna, cause I don't wanna

Spend another moment swimmin' in the shallow end

So now it's time for you and I to take another breath

Before we dive into the deep end, deep end

Before we dive into the deep end, deep end

Before we dive into the deep end

Breathe in (6x)

Before we dive into the deep end

Breathe in (6x)

Before we dive into the deep end

Can we be like water fallin' down from heaven's high

Until we start a wave on earth and make the oceans rise

Cause I don't wanna spend another moment swimmin' in the shallow end

So now it's time for you and I to take another breath

Before we dive into the deep end, deep end

Before we dive into the deep end, deep end

Before we dive into the deep end
