

# Don't Rush

Jay Sean

It's been a while since the last time that I saw you girl  
Why is it that you just run away  
What is it that you don't wanna say  
See girl I know your type  
Never can seem to just settle down  
Coz you're in search of those butterflies  
Isn't that why you keep walking in and out of my life

I won't complain, if you won't stay  
Go ahead and play those games  
Coz I know that in time no doubt  
You'll come around  
But just for now

Baby don't you rush  
Girl we got the whole night  
Touch caress and make love all night  
Take it take it from me  
Wake me before you leave (2x)

I don't know, is it me? Am I imagining?  
Tell me girl, don't you feel anything?  
When you're here lying beside of me  
And now you're telling me  
That it's late and you just gotta go  
Why is it that you only wanna leave  
At the point that you think that you might be falling in love

I won't complain  
If you won't stay  
Go ahead and play those games

Something in the way you walk  
When you go and turn your back on me  
Tell me what you're trying to prove  
When you get your things and leave  
You can try to hide the truth  
I don't buy the things you say  
I know you'll be back again  
That's why I'm never standing in your way

[Chorus (6x)]
