

Just a Friend

Jay Sean

Hold me
Both our bodies close together
Teasin' me
Let me get to know you better
Plaince me
This chemistry between us, can't u see
But I guess you're not there for me

I can't take this no more
Baby close the door
There's somethin' you should know
What's been goin' on
It's messin' with my heart
I can't even start
To describe what I've been holdin' inside

Cause she's just a friend
Yes, you'll never know
It's makin' it harder for me to let go
Cause she's just a friend
Yes, you'll never know
Sometimes I wish I never matter at all
(really!)

Tell me
I gotta be tryna' make this thing alright
Can't be
If they're makin' mistakes on all day, all night
Tellin' me
Cause I want you girl, hurts the most
That you're just too blind to see, Baby

I can't take this no more
Baby close the door
There's somethin' you should know
What's been goin' on
It's messin' with my heart
I can't even start
To describe what I've been holdin' inside

Cause she's just a friend
Yes, you'll never know
It's makin' it harder for me to let go
Cause she's just a friend
You'll never know
Sometimes I wish I never matter at all
(really!)

Still I haven't felt a way to show my feelings for you
There were so pretty times that I thought you knew
Like a fool I've waitin' every time you take me back
And I feel the same way too

Cause she's just a friend
You'll never know
It's makin' it harder for me to let go
Cause she's just a friend

You'll never know
Sometimes I wish I never matter at all
(really!)

Baby, don't you know
Don't you know what I've been tryin' to tell you

Cause she's just a friend
You'll never know
It's makin' it harder for me to let go
Cause she's just a friend
You'll never know
Sometimes I wish I never matter at all (really!)
