

# Lights Off

Jay Sean

I'm sick and tired of being sick and tired  
It's you that I'm missing  
It's like my brain is wired up  
and there's a glitch in my system  
You're like a drug and now my blood won't stop itching  
I'm in critical condition  
someone let me out of this prison  
It's like my mind is playing tricks on me lately  
I could of sworn that you are still my baby  
I'm on a merry-go-round  
going around, driving me crazy

That's why it feels like  
losing you is like somebody just turned all the lights off  
won't somebody, anybody  
please just turn the lights on  
I won't take one step  
I can't see what's coming next  
losing you is like somebody just turned all the lights off  
can't see at all (at all, at all, at all)  
can't see at all (no, oh no)  
can't see at all (at all)  
cause it's like somebody just turned all the lights off

I don't understand how one minute I just had it all  
now I can't reach you cos I'm tied up with this straight jacket on  
I can't breathe (breathe, breathe, breathe, breathe, breathe)  
I can't see (see, see, see, see, see, see, see)  
It's like my mind is playing tricks on me lately  
I could of sworn that you are still my baby  
I'm on a merry-go-round  
going around, driving me crazy

That's why it feels like  
losing you is like somebody just turned all the lights off  
won't somebody, anybody  
please just turn the lights on  
I won't take one step  
I can't see what's coming next  
losing you is like somebody just turned all the lights off  
can't see at all (at all, at all, at all)  
can't see at all (no, oh no)  
can't see at all (at all)  
cause it's like somebody just turned all the lights off

Used to see my world in color girl  
when you left me it's like my world turned gray  
turn my winter into summer girl  
why won't you help me turn night to day  
I can't eat, I can't sleep, I can't think at all  
honestly it feels like I ain't living no more  
can't say no more, can't see no more

Baby that's why it feels like  
losing you is like somebody just turned all the lights off  
won't somebody, anybody  
please just turn the lights on

I won't take one step  
I can't see what's coming next  
losing you is like somebody just turned all the lights off  
can't see at all (at all, at all, at all)  
can't see at all (no, oh no)  
can't see at all (at all)  
cause it's like somebody just turned all the lights off
