

# Neon

Jay Sean

I keep running, running, running, running back to it  
Anytime that I think I'm there  
It disappears just a little bit (yeah)

And I want it want it want it want it more than anything  
More than I should  
And I don't know how to quit

And I've been thinking  
Maybe you're a mirage  
I just don't know yet  
Is it all in my head  
Is it all a lie

And I know that may be one day in time  
It'll all make sense  
Am I chasing the wind  
I'll know at the finish line

And I can see the light  
Burning up the sky  
I can hear the heavens cry  
And everything's neon (neon.. neon.. neon.. neon)  
Yeah (7x)  
And everything's neon (neon.. neon.. neon.. neon)

I keep falling, falling, falling, falling over again  
But I don't feel the ground  
I know I'll get up again (ooh yeah)

And nothing, nothing, nothing can ever take my eyes off you  
You're all that I ever knew  
I'll see you in the end

And I can see the light  
Burning up the sky  
I can hear the heavens cry  
And everything's neon

And I can see the light  
Burning through the night  
I can hear the heavens cry  
And everything's neon (neon.. neon.. neon.. neon)  
Yeah (7x)  
And everything's neon (neon.. neon.. neon.. neon)

And I know I know its calling me  
And I can see the light  
Burning up the sky (burning up the sky)  
I can hear the heavens cry (I can hear the heavens cry)  
And everything's neon (everything is neon)

And I can see the light  
Burning through the night  
I can hear the heavens cry  
And everything's neon (neon.. neon.. neon.. neon)  
Yeah (7x)

And everything's neon (neon.. neon.. neon.. neon)

And I know I know its calling me
