Stay

Jay Sean

You said it once,
Said it twice,
That it hurts but I do it again
I don't change, I don't't learn, cause I can't let it in
Said it's gone, let it be, 'cause you don't need a friend
Baby I do,
I pull on you, pushin' me cry
To be laughing and I
Promise you, you promise me backin and why
Does it all fall apart in just a matter of time...

So I'm thinking maybe
You've made up your mind
'Cause you're distort (distort)
And I can't stand to fight no more
So please don't make me hurt you like I do
I don't really trust myself truly,
Eventhough I hear you sayin' baby no, no
(no, no, nonono, nono)
I can't take no more of this and
I'm knock, knock, knockin' on the outdoor
Askin' if you still let me in
Won't you stay (ay, ay, ay, ay, baby... ay, ay, ay, ay... ay, ay, ay, ay...)
Won't you stay?

Memories lookin fun that we had on photographs in the wall
Now I can't make you smile or hear you laugh anymore
And I can't help or ask, that's the point of it all
Tell me Baby,
Call it love, call it blame, call it joy, call it pain
But I found, call it girl what you made is as painful as hell
To be here while you're there don't need nobody else...

So I'm thinking maybe
You've made up your mind
'Cause you're distort (distort)
And I can't stand to fight no more
So please don't make me hurt you like I do
I don't really trust myself truly,
Eventhough you're tellin' me
(no, no, nonono, nono)
I can't take no more of this and
I'm knock, knock, knockin' on the outdoor
Askin' if you still let me in
Won't you stay (ay, ay, ay, ay, baby... ay, ay, ay, ay... ay, ay, ay, ay...)
Won't you stay?

If it's all meant for me?
And if I'm so meant for you?
Why does this have to be so hard on both of us two?
If it's all meant for me?
And if I'm so meant for you?
Why does this have to be so hard on both of us two?

Still you're sayin' no, no (no, no, nonono, nono)
I can't take no more of this and
I'm knock, knock, knockin' on the outdoor

Asking if you still let me in
Won't you stay (ay, ay, ay, ay, baby... ay, ay, ay, ay... ay, ay, ay, ay...)
Won't you stay?
Won't you stay (ay, ay, ay, ay, baby... ay, ay, ay, ay... ay, ay, ay, ay...)
Won't you stay?
