

# Just The Way It Goes

Jaya the Cat

Down to my last seed, down to my last penny  
Things seems more sacred when your pockets are empty  
Took what I could from this land of plenty  
Call me lazy but girl I ain't your enemy  
Drive to succeed... Man, my car ain't got those gears  
While you're running circles I'll be out on free drinkin' beers  
I'm addicted to the small things  
Cause expectations ain't worth the burden that they bring

And I don't wanna cause no riot  
I'm just looking for some peace of mind  
They say you're damned if you do  
And if you don't, you're still damned  
But everything works out in time  
That's just the way it goes  
That's just the way it goes  
In the bottom of a bottle there's an answer to all of this  
That's just the way it goes  
In the back of my mind there's a reason but I just can't remember it

Down to the last minute, down to the last second  
Still in the race but I lost my direction  
Drinks inclusive with the price of admission  
Stop the tape there's a ringer in the session  
Spin the dial tune out the conditions  
Listen I just don't exist in your brain dead existence

And I don't wanna cause no riot, riot, riot  
And I don't wanna cause no riot  
I'm just looking for some peace of mind  
That's just the way it goes  
That's just the way it goes  
In the bottom of a bottle there's an answer to all of this  
That's just the way it goes  
In the back of my mind there's a reason, but I just can't remember it  
That's just the way it goes  
That's just the way it goes
