

# Live a Lie

Jazmine Sullivan

Talking:

How u gon do that to me..? (siiigh)

I can't believe this...

Verse 1:

I wish I never ever got drunk that nite  
Made me foolish enough to come to ur crib  
Walked up the stairs and then I turned on the lights  
Couldn't even speak because it happened so quick  
I wish I never saw ur punk ass that nite  
You always seem to calm me down with ur lies  
Even though I know better I try and I try  
But u always have the perfect alibi

Chorus:

If a lie gon get me thru  
I rather not know the truth  
If the truth gon make me cry  
I rather just live a lie (2x)

Verse 2:

I wish I never ever saw u that nite  
Rite now I'd still be thinkin we were ok  
I called u just before I got on my flight  
I say 'I love u', And u tell me the same  
If I could go back in time  
I never woulda called ur phone up  
Never woulda dialed ur number  
Never woulda gotten that drunk  
If I could go back in time  
I never woulda gotten that tore  
Never woulda asked for one more  
Never woulda walked thru ur door

Chorus:

If a lie gon get me thru  
I rather not know the truth  
If the truth gon make me cry  
I rather just live a lie (2x)

Verse 3:

Easier to live  
Like u don't see nuttin  
Even tho it ain't rite  
Harder to turn over in ur bed and he ain't by ur side  
I think if I didn't walk in that nite  
And see u with my own eyes  
I would still be livin a lie

Talking:

Just gotta know

Whatever u do

It's gon come back to u

I can't believe this..

Chorus:

If a lie gon get me thru

I rather not know the truth  
If the truth gon make me cry  
I rather just live a lie
