

## Ambivalent Love Song

Jazzamor

I lost my friend  
On a rainy day  
I'm loosing my fate  
On that lonely way  
Now I'm gone  
I feel the snowy cold  
Creeping into my lonely heart  
I lost my home  
On that rainy day  
I'm loosing the chains  
On my lonely way  
Now I see  
Behind the snowy cold  
The solitude setting me free  
So what are we gonna do  
I can't stop loving you  
But I will not stay with you  
Cause I do not miss you  
Let me go, let me go, let me go
