

Ambivalent Love Song

Jazzamor

I lost my friend
On a rainy day
I'm loosing my fate
On that lonely way
Now I'm gone
I feel the snowy cold
Creeping into my lonely heart
I lost my home
On that rainy day
I'm loosing the chains
On my lonely way
Now I see
Behind the snowy cold
The solitude setting me free
So what are we gonna do
I can't stop loving you
But I will not stay with you
Cause I do not miss you
Let me go, let me go, let me go
