

## Icy

Jazzamor

I saw a picture of my frozen life  
despair , i saw it painted across frozen skies  
the rest of my heart in frozen times

now my bed is cold - you left me out here in the cold

I saw icy pieces of my broken heart  
I saw icy pieces of my broken heart  
icy-icy

I heard you whisper all your frozen lies  
I swear i heard you laughing in the desert ice  
i saw you watch me with frozen eyes

all i feel is cold - you left me out here in the cold

I saw icy pieces of my broken heart  
I saw icy pieces of my broken heart  
icy-icy
