I saw a picture of my frozen life despair , i saw it painted across frozen skies the rest of my heart in frozen times

now my bed is cold - you left me out here in the cold

I saw icy pieces of my broken heart I saw icy pieces of my broken heart icy-icy

I heard you whisper all your frozen lies I swear i heard you laughing in the desert ice i saw you watch me with frozen eyes

all i feel is cold - you left me out here in the cold

I saw icy pieces of my broken heart I saw icy pieces of my broken heart icy-icy
