

I'm gonna fuck you  
I'm gonna make you oink

Shut your mouth and turn around  
Let's turn a bad boy into a bad man  
Rip my face off with your mouth  
Take a shot of gin, then you can go down south (Huh)

Worship me, worship me  
Now bow down on your knees  
Beg for it, beg for it  
Now piggy say please

Piggy say please... oink

I'm gonna fuck you  
I'm gonna make you oink

Eat a dick and spit it out  
I'm like a vampire, I will suck you dry  
Feel the blood inside me now  
Pump pump pump it hard in the back of my car (Work)

Worship me, worship me  
Now bow down on your knees  
Beg for it, beg for it  
Now piggy say please

Piggy say please... oink

I'm gonna fuck you  
I'm gonna make you oink

Hot skin, wet sin  
I'm knocking on the back door  
Let me in  
Be my Anne Boleyn  
Probably gonna wreck you (Wall, Berlin)

P-p-p-pump it hard  
In the back of my car  
Oink

I'm gonna fuck you  
I'm gonna make you oink

Worship me, worship me  
Now bow down on your knees  
Beg for it, beg for it  
Now piggy say please

Piggy piggy piggy say  
Piggy piggy piggy say  
Piggy piggy piggy say  
Piggy say please

OINK
