

She Doesn't Know

JbDubs

She doesn't know I kissed her brother

Whoa oh oh
I got a story for ya
Whoa oh oh
And kiddies it's about love
Eh eh eh
Well once upon a time
Eh eh eh
Her brother was mine

Whoa oh oh
A little shorter than moi
Whoa oh oh
A little bit of Bieber
Eh eh eh
It's a little bit wrong
Eh eh eh
But we just get along

Two shots of rum and gin
Now we three sheets to the wind
Probably won't ever happen again
But we danced all night just me and him

She doesn't know I kissed her brother
She doesn't know he's not half bad
She doesn't know I'd do it again
She doesn't know I'd love him all night yeah

Hey is it wrong now
Or is it alri-i-ight
Hey I don't know what to do
I don't wanna start a fi-i-ight
Oh my lover
My bad boy lover
My best friend's brother
Is it wrong or is it ri-i-ight

Two shots of rum and gin (rum and gin)
Now we three sheets to the wind (to the wind)
Probably won't ever happen again (happen again)
But we danced all night just me and him

Just me and him
Me and him
Just me and him
Just me and him
Just me and him
Just me and
You
You

She doesn't know I kissed her brother
She doesn't know he's not half bad

She doesn't know I'd do it again
She doesn't know I'd love him all night yeah

She doesn't know Oh oh
