

You Are Mine

JbDubs

Mine mine mine mine
You are mine

I can say beyond a shadow of a doubt
It's you I cannot live without
My love

I was broken on the day you came around
Emotions I had lost were found
My love

Love me, hate me, never break me
If you leave I'll stop breathing
Kiss me, hold me, I'm so lonely
If you leave me I'll stop breathing

Mine mine mine mine
You are mine

Desperation has a face, it has a name
The day you spoke it I was changed
My love

There is no option when it comes to breaking up

I'll handcuff you to my love
My love

Love me, hate me, never break me
If you leave I'll stop breathing
Kiss me, hold me, I'm so lonely
If you leave me I'll stop breathing

Mine mine mine mine
You are mine

Operation love possession
Consolation prize in question
There is no stopping me
I will be your one and only

Operation love persuasion
I'm right for every occasion
There is no helping me
I'm mad for my one and only

(You are mine) Mine mine mine mine
You are mine

Mine
