Mine mine mine mine You are mine

I can say beyond a shadow of a doubt It's you I cannot live without My love

I was broken on the day you came around $\ensuremath{\mathsf{Emotions}}$ I had lost were found $\ensuremath{\mathsf{My}}$ love

Love me, hate me, never break me
If you leave I'll stop breathing
Kiss me, hold me, I'm so lonely
If you leave me I'll stop breathing

Mine mine mine mine You are mine

Desperation has a face, it has a name The day you spoke it I was changed My love

There is no option when it comes to breaking up

I'll handcuff you to my love
My love

Love me, hate me, never break me
If you leave I'll stop breathing
Kiss me, hold me, I'm so lonely
If you leave me I'll stop breathing

Mine mine mine mine You are mine

Operation love possession Consolation prize in question There is no stopping me I will be your one and only

Operation love persuasion I'm right for every occasion There is no helping me I'm mad for my one and only

(You are mine) Mine mine mine mine You are mine
