

Shake It

JC Chasez

This electricity
It's too much for me
The way you shake my bones
(Oh the way you shake my bones)
Girl I've set too low
(Low)

And do you know my name?
(Do you know my name?)
Does it make a difference anyway?
The way you love to tease
And tonight I'm on my knees, oh

Sugar
Shake it, do it, give me what you got
Oh shake it, do it, give me what you got, girl
Shake it, do it, give me what you got
Oh shake it, do it, give me what you got, girl

This electricity
It's too much for me
The way you hypnotize
(Hypnotize me)
With your side to side
(With your side to side)

Wanna take some time
And get behind your eyes
Only want to please, you
Cause you'll be making it and making it electric, oh

Sugar
Shake it, do it, give me what you got
Oh shake it, do it, give me what you got, girl
Shake it, do it, give me what you got
Oh shake it, do it, give me what you got, girl

Do you know
I want a spark of your touch
I wanna taste you so much
While my mind is steaming

Do you know
Want a spark of your touch
I wanna taste you so much
We should be making it and making it electric, oh

Making it electric, oh
I'll do it to you're satisfied

Sugar
Shake it (shake it), do it (do it), give me what you got
Oh shake it (shake it), do it (do it), give me what you got, girl
Shake it (shake it), do it (do it), give me what you got
Oh shake it (shake it), do it (do it), give me what you got, girl

Running through my body is too much for me

Running through my veins, through my circuitry
Running through my body is too much for me
Running through my veins, through my circuitry

Shake it, do it, give me what you got
Shake it, do it, give me what, give me what, give me what you got

Shake it, do it, give me what you got
Shake it, do it
And do it till you're satisfied

Making it electric, oh
And do it till you're satisfied
And do it till you're satisfied
