

## Come On Phone

Jean Shepard

Got me a phone in my home but hand don't fit the handle  
And I can't think of what number that I know  
Since I had in store there ain't nobody call me and I can't thi  
nk nobody I could call  
So come on phone and play some pretty music you can play and I'  
ll sing along  
Come on phone and be a comfort to me I'd like to see you ring r  
ight off the wall

Got me some things I could say but I got no one to say into  
And no one ever listens what I am  
Well there must be someone feels the same way that I feel  
Sit and waitin' on the other end  
So come on phone  
So come on phone
