

If You Haven't You Can't Feel The Way I Do

Jean Shepard

Have you ever lost someone just like I lost you
Have you ever missed someone like I'm missing you
Have you ever cried the whole night through
If you haven't you can't feel the way that I do
Don't tell me it's silly to sit here and cry you can't understand if I want to die
Have you ever lost someone just like I lost you
If you haven't you can't feel the way that I do

Have you ever been cheated like you cheated me
Have you ever been told someone's used to be
Have you ever gone through just what I've gone through
If you haven't you can't feel the way that I do
Don't tell me it's silly...
