Take Me To Your World

Jean Shepard

If you can find it in your heart to just forgive
I'll come back and live the way you wanted me to live
All I want is just to be your girl
Please come and get me and take me to your world
Take me to your world away from barrooms filled with smoke
Where I won't have to serve a drink or hear another dirty joke
All I want is just to be your girl please come and get me and t
ake me to your world

Take me to your world make me forget the things I've heard
Where people say I love you and love is not a dirty word
All I want is just to be your girl please come and get me and t
ake me to your world
Please come and get me and take me to your world
