

# You Can't Break The Chains Of Love

Jean Shepard

Though we're apart, you'll always have my heart  
You can't break the chains of love, dear  
Wherever you go my heart will always know  
You can't break the chains of love

For I will always love you  
I swear by the stars up above  
I'll be your slave till I am in my grave  
You can't break the chains of love

For I will always love you  
I swear by the stars up above  
I'll be your slave till I am in my grave  
You can't break the chains of love
