

## Be in heaven

Jeanette

I'm so in love with you, it's forever  
I'm never feeling lonely  
baby, 'cause you're by my side  
think you should be here tonight.  
I'm going crazy and not really  
Hoping I can taste your kisses all the time,

So rag me baby 'cause you make me feel so fine.  
I just can't anymore

We will be in Heaven  
We will be in Heaven  
I'm dreaming of you  
We will be in Heaven  
I'm so in love with you it's forever, forever  
We will be in Heaven

When I hear the talk of all my friends,  
I'll have to make them seem  
that a Love is built forever  
they were all be turned in deep  
thats an irret that I want and more and more  
maybe we should do another time  
We will be in Heaven

We will be in Heaven  
We will be in Heaven  
I'm dreaming of you  
We will be in Heaven  
I'm so in love with you it's forever, forever  
We will be in Heaven

I'm so in Love with you babe  
I'm so in Love with you babe  
I'm so in Love with you babe  
I'm so in Love with you babe  
together.
